DENTAL EMERGENCIES

Bright Now! Dental has been here to care for you for over 40 years! And today more than ever, we want you to know we are still here!

As Coronavirus continues to plague us, we at Bright Now! Dental are on a mission to make sure those who have a dental emergency have a dental office to go to. Our goal is to help our hospitals to be free of dental emergencies so their time can be spent with those people who are suffering from Coronavirus – or other serious illness. Our hospitals are near or at capacity, and we want to do our part to support the healthcare teams and the people who need the ER during this current health crisis.

IF YOU HAVE A DENTAL EMERGENCY, WE ARE HERE TO HELP!
DO NOT GO TO ER OR URGENT CARE!

Many of our dental offices are open for emergencies. No matter who it is – patient of record or not – we will take care of you!

Whether it is you, your family, your friends, patient of record, or not, ***we are here to help!*** You can contact me directly, or any of our below offices that remain open for this very thing. If there is not an open office near where you or someone you know lives, please still call the office most convenient, or contact me directly. We will help you navigate the situation and find a place to take care of you. **#DentalER**
